

Sarette (Susara) van den Heever

Director, Customer Engineering EMEA, Google Cloud

ABOUT

I lead Google Cloud's Customer Engineering Practice EMEA, where I get to live my passion for using data, AI, and Cloud Technology to make the world a better place.

My career has spanned many industries in many roles, including R&D, technical consulting, and product management. Outside of my mission at Google, I like to explore and discover - whether people, places, cuisines, cultures, or philosophies - and I especially enjoy nature

I AM LOOKING TO MENTOR

An ambitious person looking to grow their career in the IT industry
