ABOUT

I'm responsible for creating a supportive, secured and trustworthy space where people who I work with can free themselves.

My job involves truth legalization helping people to rediscover and understand true themselves. The part of my job that I enjoy the most of that the insights come throughout the process where the words are recreating the reality to free ourselves.

What is important for me is people reach greater level of self-understanding

I AM LOOKING TO MENTOR

From my point of view the advantages to you are to have a sounding board for all your inner questions/doubts/desires/dreams/life experiences.
